IMPORTANT: Read the descriptions of Personal Property Code #10 and Code #13 before completing the application for exemption. To ensure that you receive the appropriate exemption, you must report the total cost of machinery and equipment (i.e., original cost, excluding sales tax, plus the cost of transportation and installation) under the appropriate category code.

Code # 10:

Machinery and equipment not eligible for exemption under CGS §12-81(76): Industrial or manufacturing machinery and equipment the owner claims or claimed on a federal income tax return as three-year property (e.g., tools, dies, jigs, patterns, etc.) or ten-year or greater property (i.e., property that has a class life of more than 16 years). Air and water pollution control equipment, regardless of its class life does not meet the predominant use criteria for exemption under CGS. §12-81(76). Machinery and equipment located in a Distressed Municipality, Enterprise Zone or Enterprise Corridor Zone (regardless of its class life) for which you are filing Form M-55 to claim the property tax exemption under CGS §12-81(60) or (70). Code 10 Machinery and equipment is reported on the annual Personal Property Declaration only.

Code # 13:

Machinery and equipment eligible for exemption under CGS §12-81(76): Manufacturing machinery and equipment acquired and installed, that is predominantly used for manufacturing or biotechnology, or used in connection with recycling (as defined in CGS §22a-260) and the owner or lessee of such machinery and equipment must claim it on a federal income tax return as five-year property or seven-year property. To obtain the exemption under CGS §12-81(76), the owner or lessee who claims such property on a federal income tax return must file the exemption application. (All property previously defined as Code 13, Code 15a and Code 15b are now combined under Code 13 and is claimed below and reported on the annual Personal Property Declaration.)
