Sample Permit

For Board of Public Works.

Upon completion of this work and upon certification by the City Engineer, the City of Ansonia will reimburse 1/3 of the cost of same to the above named property owner, based upon the current price schedule adopted by the Board of Public Works.

Sidewalk Repair Reimbursement Procedure

City of Ansonia homeowners are responsible for the maintenance and repair of their sidewalks. However, the City will reimburse the homeowner/resident, one third of their cost for repairs made to the sidewalk area.*

The City does not reimburse one third of the amount that the homeowner pays their contractor. Reimbursement is based on the following ***City costs:**

- \$8.00 per square foot for Portland cement concrete (reimbursement of 1/3 = \$2.67 per square foot) and
- \$1.50 per square foot for bituminous concrete/asphalt (reimbursement of 1/3 = \$0.50 per square foot).

The procedure for reimbursement is as follows:

The first step in securing reimbursement from the City is to obtain a sidewalk repair permit. There is no fee associated with this permit and it can be obtained by going to the Public Works office located at 1 North Division Street, Ansonia, between the hours of 7:00 a.m. and 2:45 p.m.

After completion, a copy of said permit will be given to the City Engineer for inspection and measurement of sidewalk. Providing the work is done to his satisfaction, measurements will be submitted to the Public Works office, where it will be processed for reimbursement. As the City operates on a purchase order system, the homeowner must submit an IRS W-9 form to the finance department at City Hall, prior to the purchase order being submitted for reimbursement.
